About Us

Embarked in the year 1998. **Buynext Industries** is a widely accomplished Manufacturer all type of Air Coolers. We have made a good association with the industry's best vendors, to obtain raw material that is used in our production unit. All these products are made under the expert guidance to deliver maximum quality to our esteemed client base. In order to have trouble-free execution of tasks, we have built a sound infrastructure set up. Its widely spreading area is sectioned into several wings such as processing, quality checking, storage and packaging to have efficient working.

Through indomitable will and dedication of our mentor **Mr. Navin Tyagi**, the company has been able to gain a strong foothold in this.

Why Us

We are a prime name in the market presenting an excellent variety of products. Our sincere efforts are assisting us in keeping ourselves far ahead of our customers.

We have attained a commendable position in this domain, for the following reasons:

- Transparent and ethical business policy
- Easy modes of payment
- Qualitative products
- Wide distribution channel
- Competitive prices

BLACK TITAN 22

- Air flow with auto swings louvers
- COOL fresh air in large areas 7500m³/h with H FRAME 3 speed motor.
- Size 56X34X23
- Automatic water fill or uninterrupted cooling auto fill.
- Powerful and longer air throw with 20" climatizer metal fan blade.
- High efficiency cooling pads (70mm).
- Large water tank capacity approx 150Ltr

 Air Delivery(m/hr) 7500	 Air Throw Distance(ft.) 50
 Cooling Area(sq.ft.) 2000	 Wattage 230watts

K-26

- COOL fresh air in large areas 7500M3/hr with 80mm 3 speed motor.
- Size 62X40X23 (Inches)
- Uninterrupted cooling during power cuts inverter compatible.
- Powerful and longer air throw with 26" fan blade.
- Keep dust away and easy maintenance.
- High efficiency cooling pads (85mm).
- Large water tank capacity approx 160Ltr.
- Low power consumption 300W/50Hz save electricity.
- Faster and powerful air flow with aluminium climatizer.

K-32

- COOL fresh air in large areas 7500M3/hr with 80mm 3 speed motor.
- Size 66X44X27 (Inches)
- Uninterrupted cooling during power cuts inverter compatible.
- Powerful and longer air throw with 30" fan blade.
- Keep dust away and easy maintenance.
- High efficiency cooling pads (110mm).
- Large water tank capacity approx 180Ltr.
- Low power consumption 550W/50Hz save electricity.
- Faster and powerful air flow with excel fan.
